Objective

Dedicated and motivated Full-Stack Web Developer with experience working alongside other developers to accomplish tasks and projects. Seeking to learn from senior developers and continue my web development studies.

Education

NEW YORK CODE + DESIGN ACADEMY

- Web-Development Intensive
- Certified 420 hours | February, 2017

A. CRAWFORD MOSLEY HIGH SCHOOL, PANANMA CITY FLORIDA

- Classes included: Photoshop, Game Design & Cyber Security
- Diploma, 2015

Skills & Abilities

CODING PROJECTS AT NYCDA

These two projects were completed to demonstrate my abilities based on the skills acquired at NYCDA

Venmue <https://venmue.herokuapp.com>

Web-app made to take hiring an event-planner out of the equation, giving users the ability to either list or search for venues that accommodate their needs in one central hub. Users can search for venues through either city, state or zip-code to find the one that matches their needs and make a reservation right from the site.

Wikly <http://guarded-atoll-54755.herokuapp.com/>

Wikly is a time-management app designed to allow the user to track events in a personal weekly calendar and order them according to urgency. Each day the user is able to track every minute for a day giving you accurate visual representation on how your week is broken down.

TECHNICAL SKILLS

HTML5	CSS/SASS	JavaScript/CoffeeScript	jQuery	HamI	
Rails	Ruby	Postgresql	Git/Github	D3	Photoshop

Experience

INTERNSHIP | PROTRAKR | FEBRUARY, 2017 TO PRESENT

- Working closely with the CEO and the CTO as a full-stack developer to reach weekly goals and quotas as well as participating in several meetings per week to provide insight to future design and features.

TEACHER ASSISTANT | NEW YORK CODE + DESIGN | FEBRUARY, 2017 TO PRESENT

- Provide lectures and instructions to help students improve their skills while consistently receiving positive feedback from both students and instructor.
